PATIALA**

*Seva At Home, a healthcare-at-home company, will offer its services to the patients of Manipal Hospitals Patiala.*

**Nashua, New Hampshire (12 January, 2022):** Seva At Home, one of India's leading healthcare-at-home companies, and Manipal Hospitals Patiala, a top multi-speciality healthcare provider, have announced an exclusive agreement to provide Manipal Hospitals Patiala patients with access to quality home healthcare services post discharge.

Effective immediately, the services provided by Seva At Home to the patients include nursing care at home; caregiver services at home; physiotherapy at home; palliative care at home; critical care at home; and the choice to rent or purchase medical equipment. These services are all administered by trained and verified practitioners.

With the onset of COVID-19, there has been a keen demand for home healthcare to reduce one's risk of exposure. Furthermore, these services are in line with the evolving nature of healthcare, which sees treatment at one's home as a viable and safe option, and gives patients the opportunity to obtain personalised care and avoid further hospital visits.

"It has never been more critical to broaden the scope of healthcare, and empower patients to receive care inside their homes—a place that is familiar," said Atul Gandhi, Founder CEO, Seva At Home. "By partnering with Manipal Hospitals Patiala, we can offer patients at-home options that work in tandem with the healthcare plans formulated by the exceptional doctors at the hospital. These services not only improve health outcomes, but are also more cost-effective for the patient."

"We are excited to offer our patients the option to continue their care journeys at home. By bringing together various forms of healthcare providers, we can protect vulnerable patients and help them avoid prolonged hospitalisation. Working with Seva At Home is a natural extension of our own mission to provide clinical excellence and ensure that all services are aligned with our patients' unique needs," said Gurkirat Singh, Hospital Director, Manipal Hospitals Patiala.

### **About Manipal Hospitals Patiala**

Manipal Hospitals is one of India's foremost multi-specialty healthcare providers catering to both Indian and international patients. We are a part of the Manipal Education and Medical Group (MEMG), a leader in the areas of education and healthcare. With more than 7500 operational beds, our commitment to the overall well-being of an individual is at the core of everything we do. Through our network of hospitals and experienced team of medical professionals, we provide quality and affordable healthcare to everyone.

### **About Seva at Home**

Founded in 2019, Seva At Home is a technology enabled platform that offers comprehensive healthcare and support services to elders in the safety of their own homes. Created as a solution to the rising problem of insufficient healthcare facilities and lack of care providers, Seva At Home empowers family members (and caregivers) to engage with the health and wellbeing of their elders, no matter where they are in the world. Founded by NRIs and anchored by a large partner network on-the-ground in India, Seva At Home is led by a team of professionals who have extensive global experience in building value for all the stakeholders i.e. customers, partners, employees, investors et al.
