**SEVA AT HOME WINS ACCOLADES; NAMED AMONGST 10 MOST PROMISING ELDERLY CARE SERVICE COMPANIES IN INDIA**

*Seva At Home was announced as one of the 10 most promising elderly care service companies - 2021 by Silicon India.*

**NASHUA, New Hampshire (22 October 2021):** Seva At Home announced that it has been named one of the [10 most promising elderly care service companies - 2021 by Silicon India](#), (a US-India magazine that puts the spotlight on stories of start-ups and entrepreneurs.)

The annual Most Promising Elderly Care Service Company awards recognise those organisations that are helping pave the way in the elder care industry. This year, the Silicon India panel was looking for organisations that were taking a novel approach to caregiving and addressing the fact that India is becoming the fastest ageing country.

Seva At Home was recognised for its work in harnessing technology to bring quality and compassionate care to one's home and to bridge the gap between hospital care and those who require support at home. Over the past year, they have expanded their network of serviceable areas to over 50 cities across the country and increased the number of onground tie-ups in order to connect reputable caregivers with families in need.

The company has also ventured into the B2B side with its Seva PRO vertical that offers corporate wellness solutions.

Atul Gandhi, Founder-CEO, Seva At Home, said, "It is an honour that the work being done by the Seva At Home team is being acknowledged by Silicon India. This year has been a challenging one to navigate for everyone, and it has highlighted the need for elder care services. As we move forward, we at Seva At Home will focus on continuously improving the platform and ensuring that eldercare in India is represented and given the resources it deserves."

## **About Seva At Home**

Founded in 2019, Seva At Home is a technology enabled platform that offers comprehensive healthcare and support services to elders in the safety of their own homes. Created as a solution to the rising problem of insufficient healthcare facilities and lack of care providers, Seva At Home empowers family members (and caregivers) to engage with the health and wellbeing of their elders, no matter where they are in the world. Founded by NRIs and anchored by a large partner network on-the-ground in India, Seva At Home is led by a team of professionals who have extensive global experience in building value for all the stakeholders i.e. customers, partners, employees, investors et al.
