**SEVA AT HOME STARTS COVID-19 TESTING AT CORPORATES**

*The B2B vertical of Seva At Home, Seva PRO, will set up on-site covid-19 testing centres for corporates in order to protect employees and encourage a safe workplace.*

**NASHUA, New Hampshire (15 July 2021):** Seva At Home has announced that it will start on-site COVID-19 testing at the workplace for corporates that sign up for the service. Depending on the company's workforce strength and unique requirements, these tests will be done daily or on certain days of the week. Results will be shared with the concerned people, and further assistance and support will be offered to those who test positive.

This service allows the workplace to function smoothly and responsibly by taking measures to ensure that there is no spread of virus should there be asymptomatic cases. The specifics of the service will vary across corporates and their employees as to whether they want to make it mandatory or not, but Seva At Home will cater to the total strength when it comes to having the regulation testing kits on hand.

Speaking about the launch of the service, Atul Kishore, Head, Seva PRO, said, "As we start getting back to the office, it is important to protect our employees and prioritise their health, especially since most offices are in closed settings. By offering on-site tests, employers can do their bit to stop the spread of COVID-19. As part of the service, any employee who tests positive will be able to access the care facilities of Seva At Home and we will be with them throughout."

For more information about the service, contact Atul Kishore at [[atul.kishore@sevaathome.com](mailto:atul.kishore@sevaathome.com)].

**About Seva At Home**

Founded in 2019, Seva At Home is a technology enabled platform that offers comprehensive healthcare and support services to elders in the safety of their own homes. Created as a solution to the rising problem of insufficient healthcare facilities and lack of care providers, Seva At Home empowers family members (and caregivers) to engage with the health and wellbeing of their elders, no matter where they are in the world. Founded by NRIs and anchored by a large partner network on-the-ground in India, Seva At Home is led by a team of professionals who have extensive global experience in building value for all the stakeholders i.e. customers, partners, employees, investors et al.
