SEVA AT HOME EXPANDS TO OFFER SERVICES IN 26 CITIES IN INDIA

The healthcare at home platform's services can now be availed at even more locations across the country.

NASHUA, New Hampshire (2 April 2021): Seva At Home, a leading provider of healthcare at home services in India, is pleased to announce that it is now operational in 26 cities across India.

The cities include:

Amritsar	Jaipur
Bengaluru	Jalandhar
Bhopal	Kanpur
Bhubaneswar	Kolkata
Chandigarh Tricity	Lucknow
Chennai	Ludhiana
Dehradun	Mumbai
Delhi NCR	Pathankot
Gwalior	Patiala
Hoshiarpur	Pune
Hyderabad	Udaipur
Indore	Ujjain
Jabalpur	Visakhapatnam

This expansion is fuelled by a growing receptiveness towards healthcare at home services—when carried out by professional platforms combined with the awareness of one's own home being a safer and more controlled environment, especially during times such as the present. As per a 2019 study conducted by FICCI, expanding the home healthcare industry will also help ease the pressure on hospitals and shortage of beds: Data showed that there are 1.3 beds available per 1,000 people. The same report also highlighted that the percentage of elderly citizens in India is growing faster than the country's overall population growth, and these citizens will account for about 19 percent of the population by 2050. Currently, India has the second-largest number of older adults (for the report published by the Population Reference Bureau, people over the age 65 were considered), making the need for swift redressals of problems and quality post-operative care the need of the hour.
