Seva At Home Expands Team To Offer More Services in Mental and Physical Healthcare
India's leading health and wellness company has hired three new managers across specialities in order to provide customers with a holistic healthcare experience.

Nashua, New Hampshire (1 May, 2023): Seva At Home announced today that the home healthcare company has hired three new speciality managers in order to further expand its range of services and provide expert care to customers. Brought on board are Gunjan Khatri, Psychologist; Danish Rajput, Manager, Physiotherapy & Rehabilitation; and Ritu Bajad, Nutritionist. The multidisciplinary team is a reflection of customer demand for these services, and Seva At Home's further growth in its range of holistic healthcare services.

Gunjan will be responsible for working directly with clients to provide counselling on various mental health issues. Danish will lead a team to work with patients for their rehabilitation programme post-injury or surgery, and will set up the ergonomics focus for corporate clients. Ritu's expertise in nutrition counselling will see her providing personalised dietary plans to clients and educating families about balanced nutrition.

"We are extremely excited to welcome Gunjan, Danish and Ritu to the team. Their expertise in their individual fields will help us deliver on our promise to customers, which is to provide the best possible holistic care. As we continue to grow, expanding our team becomes a priority to ensure we have the right people to look after individuals and families seeking our services, and guide them to achieve their health and wellness goals," said Arun Datta, Chief Operating Officer, Seva At Home.

The hiring of these new managers comes at a time when Seva At Home is expanding its range of offerings. The company recently announced Seva Prime Plus, the premium tier of its Seva Prime wellness subscription package, and its occupational health and safety expansion for corporates.
